TECHNICAL INFORMATION

Transforming system for studying/working purposes, it can be integrated into the Living & Young System modular programs.

The system is composed of a wide lifting up writing desk and a single bed.

By a simple movement it transforms into the night configuration without removing any objects from the top.

The system is completed by floor cabinets and wall units either with or without door, which can be combined and are available in various sizes.

Components: single bed mm 900, writing desk, front panel, shelf that covers mattress side, closing lateral side panels, lateral furniture elements.

Opening mechanism by gas springs for desk and bed.

Tubular structure in iron, painted with epoxy powder, with nylon feet.

Bed base with reinforced tubular steel frame and slats in solid beech plywood attached to the frame with nylon/rubber seals.

Available mattresses - H cm16, single mattress cm 85 x 197 weight kg 14-16, springs, memory, memory 7 zones, memory deluxe, latex and mattresses complying with usa relevant regulations.

Mattress locking belts in nylon with fasteners in black nylon.

H of desk from the floor cm 73.

H of bed base from the floor cm 29,5.

Maximum capacity kg 100.
